Those present were John and Troy Benefiel, Matthew Crouch, Arthur Gilbert, Ben Miller, Ed Smith, Gary Hodges, John Des. Casoria, Jim Fuller, Dale Osborn, Campbell K. Thompson, Charles Quinn, Mary Laird, Stan Comstock, Phillip Crouch, Paul F. Crouch, Norman G. Juggert, Jane Duff, Colby May, Larry Patton, Jack Hightower, Jim Thompson, Bob Higley, David P. The Secretary noted that a quorum of board members, and where applicable, shareholders, for each corporation were present and that notice had been duly given to all directors and shareholders as required by the by-laws of the respective corporations. In addition, Paul F. Crouch represented Janice W. Crouch, Charles Quinn, Grace Cephas, George A. Hernandez, Charles Vlaun, and Sherman Waddle pursuant to written proxies.

President Paul Crouch shared from Psalms 34. This Psalm stresses the "fear of the Lord" and recognizes it as a holy awe and reverence for God. Verse 13 of Psalm 34 gives specific qualities relating to the fear of the Lord. "The Psalm admonishes us to control our tongue, depart from evil and to seek peace. In support of the message of this Psalm, Jesus stated that we will give an account for "every idle word." If we practice the principles of Psalm 34 our effectiveness and harmony will be increased.

President Crouch stated that 1988 was a record year in many respects. A total of 28 new low power stations were added. A total of 32 new stations signed on the air in the United States in 1989. bonds that were assumed in 1977 when the Phoenix, Arizona station was acquired.

This redemption was prior to the due date. In addition, a one million dollar loan secured by corporate property in San Marcos was paid off.

Four new stations were added in Italy, a station went on the air in Belize, a permit was granted for a new station in South Africa. The F.C.C. has approved the construction of a station in Portland, Oregon. A low tower station went on the air in St. Lucia. A cultural exchange program with China is in effect. Programs of Nora Lam are on the air each week in mainland, China. We are assisting a station in Finland that broadcasts into the U.S.S.R. An application for an Atlanta station is on file before the F.C.C.

New programs were added in Greensboro, North Carolina. Our new facility in Dallas is nearing completion. A facility in Bloomington, Indiana is under construction. A facility is being developed in Harlingen Texas.

A total of 153 stations, including those affiliated with Trinity Broadcasting Network and low power stations are on the air throughout the world.

Minutes of the prior combined annual meeting were discussed by the President. The President noted from the prior minutes that New York had installed a telephone system with security provisions. The President reported that a system was being installed at Tustin that require a personal code number for long distance telephone calls by individuals. The President urged that each station adopt a similar program.

It was noted that Terence Hickey has resigned from Trinity Broadcasting to assume executive responsibilities with All American T.V., Inc.

The President and Colby May discussed corporate policy regarding audited financial statements that are kept in public files of each station. Stations are required to and should maintain copies of the audited financial statements, federal determination letters and the most recent form 990, as well as form 1023. For corporations incorporated before 1986, form 1023 is not required.

The audited consolidated financial statements for 1987 were discussed. The total assets for 1986 were \$76,000,000. In 1987 the total was approximately \$89,000,000. These are hard depreciated assets and do not take into account liabilities. Liabilities in 1987 dropped substantially, as did public support. Public support in 1986 was approximately \$39,000,000 and in 1987 the amount was approximately \$42,000,000. Expenses for 1986 were approximately \$23,500,000 and in 1987 expenses were approximately \$27,000,000.

It was moved, seconded and passed that the audited financial report for 1987 and the unaudited financial projections for 1988 be accepted. The motion passed.

Mr. Comstock expressed appreciation for the fiscal responsibility exercised by the directors of the corporations. Those present joined in this expression. The President stated he believed in exercising faith up front, i.e., before incurring debt.

Mr. Thompson of New York reported that 1988 was a year of triumph and problems. Personnel problems were experienced and several cable stations dropped Trinity. His Hand Extended has been very busy. Litigation regarding Keith Hauser is on the verge of being dismissed. Trinity has been accepted by a cable operator on the west side of the Hudson River.

The President stated that receipts for 1988 will exceed expenses by approximately \$150,000 for New York.

Larry Patton reported that 1988 has been an exciting year in

terms of learning the operation of the technical aspects of Greensboro's equipment. A local praise program will soon be broadcast. The station is joining with a successful local ministry to the poor and homeless.

The President reported that Greensboro's income in 1988 was also in excess of expense.

Arthur Gilbert reported on the status of the Nevis station and efforts for a full power station in Saint Lucia. The Lord is blessing Nevis with financial prosperity. New businesses are developing. A positive response from St. Kitts has been received.

A formal investigation of the alleged interference that our proposed full power transmitter will cause is to be conducted by representatives from England. Cable & Wireless has asserted that our proposed full power signal would interfere with the transmission of security related signals from its broadcast equipment. This contention will be investigated by Cable & Wireless.

Stan Constock reported that the Phoenix station experienced some remodeling. A new music set has been added, the east side has been landscaped, the parking lot has been resurfaced and a brick wall has been constructed around the property. The best development was the payment of bonds assumed by the Arizona corporation in the purchase of the station.

Bob Higley reported that the Bloomington station is located in a former bowling alley that has been renovated. The station's construction is now six weeks from completion. During the July 1988 Trinity Revival many churches were involved in a love march that Trinity assisted. T.C.I. has approved Trinity for inclusion on its cable network in the area.

This discussion prompted a suggestion that when cable systems are up for local renewal, Trinity's interests should be protected. Active participation at local government hearings should be encouraged by local supporters as well as Trinity staff.

Mary Laird reported on Richmond, Indiana. A new studio is in process. His Hand Extended is in full operation. Food disbursed by the ministry is currently stored in an old church building in Monroe County, which is located between Cincinnati and Dayton.

Gary Smith reported on Dallas. Construction should be completed March 1, including the set and equipment. A revival is set for March 16.

John Benefiel from Oklahoma shared some thoughts as a certified financial planner. Mr. Benefiel reported on a recent

prophecy that prayers had been heard from the saints and a revival for the nation was at hand and that the nation will continue to enjoy prosperity into the next year. He also stated that a financial planning and estate planning seminar was conducted in Oklahoma City that resulted in wills and trusts being written which included Trinity Broadcasting Network as a beneficiary.

Bernard Roebert reported on the status of the Ciskei station. Mr. Roebert noted that Ciskei is Africa's first Christian station. It broadcasts over a radius of 150 miles. Ninety-five percent of its programs are of U.S. origins. Three rallies were recently conducted, including one of 10,000 attendees including the Ciskei cabinet. Programs have been provided Swaziland and requests for more have been received. A station in a homeland area has offered to buy programs for \$1,000 each. Videocassettes are being produced for those areas which cannot receive the station's signals. Recent donations are doubling the budgeted amounts. Mr. Roebert feels there is no reason why the Ciskei station cannot be self-supporting and even engaged in expansion.

President Crouch reported that the South African government is considering a distinct Christian network. It would probably be shared by a number of Christian organizations, including Trinity.

Mr. Crouch stated that he had also received inquiries from Zaire regarding Christian television.

Al Brown reported on Oklahoma City. The station's license was renewed by the F.C.C. without problems. His Hand Extended has been active. No cable outlets have been lost. Al has found it important to establish positive relationships with cable operators.

Jack Hightower stated that a new set is being used on a regular basis in Denver. The city is being saturated through the station's signal and through cable penetration.

Gary Hodges reported on Albuquerque. The station is gaining viewers. An exceptional group of prayer partners has been assembled. The station license was renewed this year without difficulty. A live praise program should begin in February. A new set is in place.

Mike Everett reported that Channel 45 in Florida is being blessed by a number of volunteers. Over 6,000 people were assisted by His Hand Extended. Trinity has been restored to a number of cable stations in the area.

Dick Osborn stated that the Canton/Akron, Ohio station has had a good year. His Hand Extended is actively supported by local churches and grocers. The local praise program continues

and more than 100 local reports have been broadcast. An application is pending before the F.C.C. to extend the station to Cleveland. A translator was put on the air in Youngstown, Ohio last year.

All present then joined in prayer for approval of the Cleveland application. The prayer was led by Mr. Roebert.

Jim Fuller expressed appreciation for the opportunities that he enjoyed last year. Over 3,000 souls have been harvested since 1985 through our Seattle/Tacoma station. Positive relations are being maintained with cable operators. A new telephone system is being installed. A production team is being assembled. A local praise program is popular. Youth With a Mission Mercy Ships will be on the air regularly.

Those present then directed their attention to an administrative flow chart for those involved at the network headquarters. The President explained the chart and answered questions.

The board then considered procedures for check requisitions and petty cash. Cheri Duff reviewed the policies of the accounts payable department. Each station manager can approve up to \$500.00 in accounts payable. Approval is required for expenditures of over \$500.00. Purchase orders and check requests should be submitted to the purchasing department. Check request should include the social security numbers of individuals and/or the corporate identification number or federal identification number of businesses.

Accounts payable should be notified if a hold is placed on any invoices or checks. This enables the accounts payable department to converse intelligently with vendors.

Bob Fopma presented a report on production matters. The board discussed the engagement of independent contractors for production responsibilities, approval for production work, set changes and charges for production services. The President reminded those present that production services are on a "cash and carry" basis unless special permission is granted.

-- Station managers were asked to periodically submit copies of their Praise The Lord programs. Specifically, submission should be made on a quarterly basis.

The various corporations represented at the meeting then considered housing allowances for ordained board members. After due discussion each corporation separately considered housing allowances for the individuals named an Exhibit "A" hereto and in the sums specified on Exhibit "A" for such individual or individuals.

Motions were then made for each individual listed on Exhibit

"A" for the approval of a housing allowance in the sum specified on Exhibit "A" for each respective employee. The motion was seconded and passed unanimously.

The Secretary noted that such resolution would allow the employees involved to benefit from the provisions of Section 107 of the Internal Revenue Code of 1954 which provides that the gross income of a minister does not include the housing allowance paid to him as part of his compensation to the extent that the allowance is used by him or her to provide a home. It was also noted that each minister had submitted information showing the amount estimated for housing expenses and that the amounts set forth on Exhibit "A" reflect such estimates.

The meeting was then adjourned in prayer.

TRINITY BROADCASTING NETWORK VOL. XVI, NO. II FEBRUARY 1989

PORTLAND – GRANTED!

"O GIVE THANKS UNTO THE LORD, FOR HE IS GOOD... LET THE REDEEMED OF THE LORD SAY SO, WHOM HE HATH REDEEMED...AND GATHERED THEM OUT OF THE LANDS, FROM THE EAST, AND FROM THE WEST, FROM THE NORTH, AND FROM THE SOUTH." Ps. 107:1-3

As usual, it was a "KNOCK-DOWN, DRAG-OUT" battle! It always is when satan sees we are about to get another FULL POWER station. At first it seemed fairly simple. An owner wanted to sell their permit for Channel 24, Portland. We wanted to buy. Even the FCC was ready to grant the transfer *nearly a year ago*. But we needed a new transmitter site. Naturally we wanted it near all the other TV stations up on Sylvan Mountain. But the environmentalists *let us know* they would fight us all the way. There are special people most everywhere these days who don't want you to mar the environment with such unsightly things as – HORRORS – A TV Tower, even if it is barely visible on a mountain several miles away with only a faint blinking red light. But that is the subject of another battle. Next we tried to lease time on another TV station tower. They wanted something like \$8,000 a month rent! The German rose up in me *on that one* and, well I won't tell you what I said to them! Next, the Canadian Government had to say okay since Portland is within so many miles of their border. Some of the bureaucratic boondoggling gets my German blood boiling again. German blood, by the way, has the *lowest* boiling temperature of all, just ask Jan. We finally satisfied Canada, but still didn't have a site. We contacted a second TV station, who agreed in principle that we could share their site and tower, but the tower was *not strong enough* to hold our antenna, so a costly engineering study would have to be done – *am I boring you?* First bid – way too much money! Another mini-skirmish. Final cost to strengthen the tower – well over \$300,000, but still *less* than building *our own* tower. Also, the monthly rent is now down from \$8,000 to about \$5,000 a month – a minor German victory! Then *and only then* could the FCC finally grant the transfer of the Construction Permit and that almost always takes *another three months*.

Bottom line: late last year the FCC finally was able to GRANT Channel 24 PORTLAND, OREGON to National Minority TV, Inc., our affiliated corporation! (of which I am President). PRAISE THE LORD! Now we can begin to build and will do our best to have it ON THE AIR in the first half of 1989.

I thought for once it would be good to let you know the *unbelievable struggles* we typically go through to get another Full Power station on the air. And Portland is *not* special or unique. In fact, we have been through *a lot worse* with other stations.

I'm sure you could tell me of battles you have fought or are now fighting which are *as bad or worse* than what I've described. I am also sure you have asked the Lord "WHY," just as I have. Why do we have to fight so hard? Why do you finally win *one* – just in time for the *next one* to knock you down? I'm sure there are a number of reasons not the least of which is God's *loving correction*. "For whom the Lord loveth he chasteneth..." Heb. 12:6 I can see clearly *now* that some of my trials and tribulations were my Father's loving correction *which I needed*.

I remember in the early days of TBN when we ran out of money. It looked like we were *finished*. God could have sent in all the finances we needed, but He didn't. When I finally got *desperate* before the Lord, He showed me that I was the problem. I had not given Him *my all*. Yes, I had put Jan and my life savings of \$20,000 into TBN, but I had taken a *note back*. I had only *loaned* God my money. God spoke and said, "I want you to GIVE Me your savings!" For a tightwad German this was a *tall order*, but God saw that I had to be broken in the area of money! When I finally yielded and GAVE Him my savings, the windows of heaven *opened* and TBN has *never* had another financial problem since! *Neither have I* – Praise the Lord!

Yes, sometimes God has to *correct* and even *chasten* us to get our attention and the change in our lives and behavior He desires for *our own good*. But there are *other reasons* for that "fiery trial" you are going through. Paul Billheimer shows us in *DESTINED FOR THE THRONE* the primary reason for our trials and tribulations:

"This world is a laboratory in which those *destined for the throne* are learning, by actual practice, how to overcome satan and all forces hostile to God. Here we are learning 'the trick of the tools' – how to use the weapons of prayer and faith in overcoming and enforcing Christ's Victory so dearly bought. What foes will be left to overcome in the eternal ages we do not know. But *the character* acquired in overcoming trials and tribulations here will evidently be *needed* when we have joined Christ on His throne."

Dad Billheimer concludes his masterpiece teaching by showing us there is:

"*NO SUCH THING AS BAD NEWS* for Bible believing Christians, just new challenges to our faith. As we grow spiritually, God can trust us with bigger problems! As we pray for and get answers to prayer over smaller obstacles which satan is allowed to put in our way, God permits larger ones to confront us – God's hurdles, if you please, on life's track. Who ever heard of an athlete, training for an obstacle race, pleading with his trainer to remove the obstacles? How can we ever be overcomers if there is nothing to overcome? Let us show all onlookers (to the Glory of God) that we believe Romans 8:28 and Ephesians 1:11 when 'Bad News' is given to us and *immediately* begin *thanking* God that He is big enough, Powerful enough and loving enough to take care of this new threat in a way that will bring *still more glory* to His Name **WHEN WE HAVE OVERCOME!**"

Beloved Partners, Jan and I know that you face the same "fiery trials" that we face. But the good news is simple – **WE ARE MORE THAN CONQUERORS – WE ARE GOING TO MAKE IT – WE WIN!** Yes, the battle is not over yet but the outcome is **ASSURED!** Jan and I *grieve with you* over the loss of that loved one; *we stand with you* for the salvation of your family; *we bind satan* against that attack in your body; *we rejoice with you* because **WE ARE DESTINED FOR THE THRONE!** As I have said so many times, "We have come *too far* to turn back now!" This old gray-haired German still calls out in the thick of battle – **CHARGE!** The Gates of Hell are *crumbling* in **CHINA, SOUTH AFRICA, CENTRAL AMERICA, SOUTH AMERICA, EUROPE** and *now* even in **RUSSIA!** This is **OUR FATHER'S WORLD!** We are *taking it back* in Jesus' name!

Please let us hear from you *this month*. Because of **YOU** Portland air waves are **REPOSSESSED** from the evil one. Shall we possess *even more*? **YOUR LETTER** and gift *will decide!* Jan and I love you, are praying for you and standing with you in your battles. *Will you stand with us?*

CH. 23 COSTA RICA IS ON THE AIR!

Though Ch. 23 is only a 10 watt fledgling – broadcasting to – about **FOUR CITY BLOCKS**, it will soon be a 10,000 watt

station reaching the Capitol of **COSTA RICA**, beautiful San José, and the metropolitan area of Cartago. But this is only the beginning! Paul is standing with Marco Cercone, president of the spaghetti factory (in which little Ch. 23 is located), and with **JONAS GONZALES** who obtained the Construction Permit allowing it to be built, overlooking the beautiful land of Costa Rica! And Partners, just over those hills lies **NICARAGUA**, and to the South – **PANAMA!**
